

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

November 1st-15th, 2004

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **November 1-15, 2004.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

**ENVIRONMENTAL DOCUMENT FILINGS
WITH THE STATE CLEARINGHOUSE
Calendar Years 1999 through 2003**

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTE:

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, November 01, 2004</u>			
2003101037	Draft EIR No. 454, Tentative Tract Map No. 30931, Change of Zone Case No. 06749 Riverside County Planning Department --Riverside Tentative Tract Map 30931, Change of Zoning: 06749 Eastvale Area Plan: Tentative Tract Map for development consisting of 118.1 acres of residential use with a maximum of 419 dwelling units. Project also includes an 2,277 SF drainage area. Related County applications include: Change of Zone No. 06749 which would change the zoning on the project site from A-2-10 (Heavy Agricultural) to R-1 (One Family Residential).	EIR	12/15/2004
2003101075	Santa Barbara Cottage Hospital Modernization and Seismic Compliance Plan Santa Barbara, City of Santa Barbara--Santa Barbara The project involves the seismic upgrade and modernization of the existing Santa Barbara Cottage Hospital (SBCH) facility to comply with State Senate Bill 1953. The project will involve the demolition of 270,000 sq ft and the construction of approximately 472,450 sq ft of new hospital facilities, consisting of a main hospital building, helipad and Central Plant. When completed, the overall square footage of the hospital project area would be approximately 712,550 sq ft. Two multi-level parking structures are proposed.	EIR	12/15/2004
2004041086	Willow Glen Draft EIR Tulare, City of Tulare--Tulare The project includes the annexation of approximately 160 acres from the County into the City limitss, a General Plan Amendment, facilitating the relocation of the Urban Residential designation, the addition of Community Commercial along Mooney Boulevard, the relocation of the Urban Reserve Line (URL), and a Parks and Recreation designation for the proposed park; detachment from the Tulare Irrigation District, pre-zoning to R-1-6/R-1-7, PL (Public Lands), C-3 (Retail Commercial) and R-M-2 and a request for approval of a Tentative Subdivision Map to create single family (112 acres) residential, multi-family (7.01 acres) residential and community commercial (29.6 acres) lots.	EIR	12/15/2004
2004062038	Courthouse Facade Reconstruction and Plaza Project Redwood, City of Redwood City--San Mateo The proposed project is comprised of three primary parts: 1) Agreement with San Mateo County for the use of the County Courthouse complex by the City of Redwood City, 2) Demolition of the 1939 Courthouse South Annex, and 3) Reconstruction of the 1910 Courthouse Broadway facade, including portico and steps, and establishment of the Courthouse Plaza.	EIR	12/15/2004
2004091039	Carlsen Estates Subdivision Monterey County Salinas--Monterey 38-lot subdivision on 96.37 acres; grading to accommodate infrastructure and building pads; removal of approximately 450 protected oak trees.	EIR	12/15/2004

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Monday, November 01, 2004</u>			
2004091147	Foothill Feeder Inspection and Maintenance Program Metropolitan Water District of Southern California Santa Clarita--Los Angeles The Metropolitan Water District of Southern California (Metropolitan) is proposing to conduct testing and inspection of the Foothill Feeder pipeline, related maintenance activities, and connection of the oxidation retrofit project (ORP) equipment at the Joseph P. Jensen Filtration Plant (Jensen Plant). The ORP work is described in the May 1994, Initial Study and Mitigated Negative Declaration Joseph P. Jensen Filtration Plant Oxidation Retrofit Program Granada Hills; Los Angeles County, California. These activities will require a complete shutdown and dewatering of the Foothill Feeder pipeline, which is scheduled to occur in February 2005.	EIR	12/15/2004
2002061035	Royal Rangers Adventure Camp San Bernardino County Land Use Services Department --San Bernardino Conditional Use Permit to establish a year-round campground and conference center with related facilities.	FIN	
2004111001	Bosman Dairy Establishment (PSP 03-044) Tulare County Resource Management Agency --Tulare Request for 1) approval of a Special Use Permit to establish and operate a dairy facility in the AE-40 Zone to accommodate a maximum of 8,326 total animal units (4800 milk cows plus support stock) in a facility covering approximately 240 acres of the 2,083.22 acre site.	NOP	11/30/2004
2004111006	Sully Miller Hot Mix Asphalt Batch Plant Santa Paula, City of Santa Paula--Ventura Sully-Miller Contracting Company (SMCC) desires to establish a hot mix asphalt (HMA) manufacturing and construction material recycling facility within the Industrial (I) zoning area of the City of Santa Paula. The site consists of 11 acres located in the southeastern portion of the City of Santa Paula, south and east of the 12th Street and Highway 126 (SR 126) intersection. SMCC proposes to utilize the existing offices on site for its sales and estimating staff and to relocate a 500-ton per hour drum-mix plant to the project site. Plant components include a drum mixer, which heats and coats the aggregate with oil, a baghouse for the control of PM10 and larger size particulates, a blue smoke tunnel for emissions control, two asphalt storage tanks with secondary containment, a front end loader to "feed" the plant with aggregate, three finished-product storage silos (under which trucks are loaded by gravity dump), and an aggregate storage area, consisting of piles of various sized crushed rock and sand. The project would require grading approximately 5,000 cubic yards and create an estimated total impervious area of 1.54 acres (14.3% of the site).	NOP	11/30/2004
2004111008	Dominion Road Ranch Grading Santa Barbara County --Santa Barbara Approval of a Land Use Permit for grading associated with a 24'-wide private access drive, approximately 1.6 miles in length. The proposed road would serve 14 legal parcels (legally created in 1894 as established by Certificates of Compliance), and would facilitate development of twelve of the currently vacant parcels on the project site with single family dwellings and accompanying accessory structures	NOP	11/30/2004

2004118006	Pavement Rehabilitation, Curb and Gutter Replacement Caltrans #12 Laguna Beach--Orange Rehabilitate pavement between SR-1 and Forest Avenue in the City of Laguna Beach. Work will include curb and gutter replacement, and there may be geotechnical borings.	NOE	
2004118007	Approval of a Water Purchase Agreement between the Carlsbad Municipal Water District ("CMWD") and Poseidon Resources Carlsbad, City of Carlsbad--San Diego The Water Purchase Agreement is for the purpose allowing CMWD to purchase a supply of desalinated water from Poseidon, and specifying the terms and conditions under which CMWD will purchase such desalinated water. The Water Purchase Agreement also specifies what conditions precedent (including full compliance with CEQA for construction and operation of the desalination plant).	NOE	
2004118008	Foss Creek Bank Stabilization Fish & Game #3 Healdsburg--Sonoma The project involves stabilization of approximately 75 feet of the east bank of Foss Creek where existing rip-rap has failed. The new bank stabilization will use either rock rip-rap, or a manufactured concrete gravity block wall with flexible interlocking concrete blocks at the toe to protect against erosion and undermining. Willows and other vegetation will be planted to further control erosion and to restore some habitat values. Issuance of a Streambed Alteration Agreement Number 1600-2004-0745-3 is pursuant to the Fish and Game Code Section 1602.	NOE	
2004118009	Markham Middle School Youth Athletic Field Complex Placerville, City of Placerville--El Dorado The project will rehabilitate an existing playfield. The project will develop a regulation size soccer field, two softball fields and a perimeter jogging track.	NOE	
2004118010	La Pluma Elementary Modernization Norwalk-La Mirada Unified School District La Mirada--Los Angeles Existing classroom buildings and some ancillary facilities will be modernized through reconstruction and repair. Beneficiaries include the students and residents of the Norwalk - La Mirada Unified School District.	NOE	
2004118011	Dolores Hueta Elementary Modernization Norwalk-La Mirada Unified School District La Mirada--Los Angeles Existing classroom buildings and some ancillary facilities will be modernized through reconstruction and repair. Beneficiaries include the students and residents of the Norwalk - La Mirada Unified School District.	NOE

	structural skin on the Keystone wall and tied-back grade beams for the slope reinforcement. The structural skin and grade beams will be constructed of reinforced concrete. The reinforced concrete structural skin over the existing Keystone retaining wall will be anchored into the hillside using tieback anchors. Reinforcement of the slopes will be accomplished by tied-back grade beams. The grade beams will be near, and at, the surface, and the tie-backs will extend through the unstable ground and be anchored below and behind the unstable ground. The tied-back grade beams will be located on adjoining lands owned by Legacy Partners, Caltrans, MTDB, and another private landowner, over which the State of California has a right-of-way easement for highway purposes. The project will also require grading of slopes and off-hauling of some excavated soil. The locations of the repairs are shown in the plans approved by Caltrans and the City of San Diego, entitled "The Point - East Parking Area Stabilization."		
2004118140	Line 1010 Access Road Grading, Rattlesnake Canyon Fish and Game Santa Barbara --Santa Barbara Grading of an abandoned access road to inspect and repair a gas pipeline found in a remote portion of a cattle ranch, at the top of Cebada Creek.	NOE	
2004118141	Brown Orchard Erosion Control Project Fish and Game Santa Barbara Goleta--Santa Barbara Construction of a 530 linear foot pipeline with drop inlets to control erosion within an orchard. The pipe will end at the top of the bank of Tecoloito Creek, requiring upgrouted rock as an energy dissipation structure.	NOE	
2004118142	Metropolitan State Hospital ADA Compliance Project Mental Health, Department of Norwalk--Los Angeles The project consists of ADA improvements at Metropolitan State Hospital, including renovation of selected restrooms, sidewalk and ramp improvements to facilitate path of travel, and installation of handrails, hardware, doors, and drinking fountains. The project also includes installation of a total of seven elevators for the 200 Series Buildings, each to be located off from the west ends of the buildings, except for the elevator serving the Police Building that would be located immediately south of the building. The design for the elevators was modified based on comments and recommendations from the State Office of Historic Preservation to ensure compatibility with the historic integrity of the 200 Series Buildings. No trees will be removed at the facility for this project.	NOE

2004112016	Grayfox, 7 Unit Multifamily Condominium Project Mammoth Lakes, City of Mammoth Lakes--Mono 7 market rate, transient condominium units, requesting a 75% increase in density and setback encroachments. Access will be taken off of Hillside Drive. In total there will be 3 buildings consisting of 7, 3-bedroom units, with 14 covered parking spaces and four uncovered parking spaces. The project is designed to be a high and multi-family transient condominium project.	Neg	12/02/2004
2004112017	Panfili Tentative Parcel Map Plumas County --Plumas Tentative Parcel Map to divide two assessor parcels (one legal property) of 61.15 acres and 401.35 acres into four parcels of 2.71 acres, 3.05 acres, 5.34 acres, and 4.04 acres with a remainder parcel of 447.36 acres.	Neg	12/02/2004
2004112018	Pritchard Lake Restoration Project Sacramento County --Sacramento This Initial Study/Mitigated Negative Declaration (IS/MND) evaluates the environmental effects of the proposed Pritchard Lake Restoration Project. In 2002, the Sacramento County Airport System (SCAS) was ordered by regulatory agencies to stop the unauthorized filling of a wetland known as Prichard Lake. Most of the unauthorized fill has since been removed. The proposed restoration project is intended to completely restore the Prichard Lake site and mitigate for this previous wetland fill. SCAS is working with the U.S. Army Corps of Engineers and U.S. Fish and Wildlife Services to rectify issues related to this fill. SCAS proposes to enhance Prichard Lake beyond the habitat quality of its pre-filled condition and to create wetlands and uplands at an adjacent mitigation site. Although this project is expected to benefit a variety of wildlife, the project design is focused primarily on the habitat needs of the giant garter snake, a federally and state-listed species.	Neg	12/02/2004

2002071074	<p>Widening of North Chestnut Avenue between East Shaw & East Bullard Avenue Fresno, City of Fresno--Fresno</p> <p>The project is the widening of N. Chestnut Avenue between E. Shaw and E. Bullard Avenues in the City of Fresno. The project consists of the widening of the existing two-lane road to provide two traffic lanes and a bicycle lane in each direction of travel on N. Chestnut Avenue. The project will include a center two-way left turn lane between E. Shaw and E. Barstow Avenues. Separate left and right turn lanes would be provided at the intersections of Shaw / Chestnut, Barstow / Chestnut and Bullard / Chestnut, including southbound dual left turn lanes at Shaw / Chestnut. A traffic signal would be installed at the intersection of E. Bartstow and N. Chestnut Avenues. The proposed project would backfill the existing Fresno Irrigation District canal on the west side of N. Chestnut Avenue south of E. Bartstow Avenue and would include the under grounding of existing overhead utilities between E. Shaw and E. Bullard Avenues. Street lights, storm drains, curb and gutter and wheelchair ramps would be installed by the project. The street widening project includes the removal of 23 mature eucalyptus trees from the west side of N. Chestnut Avenue and one row (54 trees) of CSU Fresno walnut trees on the east side of N. Chestnut Avenue.</p>	NOD

2004111034	Desert Village Unit #6 Tentative Subdivision Map and Change of Zone 04-05, El Centro El Centro, City of El Centro--Imperial The proposed project involves the approval of a change of zone from CT, tourist commercial to R-1, single family residential; R-3, multiple family residential; and CG, General Commercial and tentative subdivision map. The site includes 55.6 acres. The scale of the development consists of 95 single-family residential homes, 2 multi-family apartment sites (5.6 and 4.8 acres), 3 general commercial parcels (1.7, 2.7, 2.9 acres). All will be developed in phases.	NOP	12/06/2004
2004112025	47 Notre Dame / Almaden Tower Mixed-Use Housing Project San Jose, City of San Jose--Santa Clara Phase I of the project proposes to remove the existing buildings and construct an approximately 22-story, 311-unit residential condominium on the northwest corner of the property. A five-level parking garage (two levels below ground and three levels above ground) would be built adjacent to the buildings on the northeast corner of the site. Phase II of the project, covering the southwest corner of the site, adjacent to the Den Anza Hotel, would be developed with a mixed-use commercial/residential building of approximately six stories (plus two below-grade parking levels). This second structure would total ~60,000 square feet and would provide approximately 28 additional residential units. Approximately 8,000 square feet would be ground floor retail/ commercial uses, and two sub-grade parking levels would connect to those developed in Phase I.	NOP	12/06/2004
2004111035	Bradshaw Monterey, City of --Monterey Construction of a 2,048 SF one-story single family dwelling and attached 648 DF two-car garage on a vacant lot, including grading (approximately 560 cu. yards cut and 480 cu. yards of fill) and retaining walls; development on slopes of 25% or greater ridgeline development; and development within 100 feet of environmentally sensitive habitat (wetland onsite). 	replacement/upgrade of the fire alarm system throughout the building.		
2004118157	Administrative Code Amendments to Include Emergency Storage Program Metropolitan Water District of Southern California --Los Angeles The Metropolitan Water District of Southern California (Metropolitan) approved the Emergency Storage Program policy parameters in August 2004. The program provides financial assistance through incentive payments or discounted water rates to the member agencies for the development of local resources, conservation and replenishment of groundwater basins and surface water reservoirs. The changes to the Administrative Code reflect the program as approved in August. The program provides for monthly certification of program water for billing purposes and outlines conditions under which Metropolitan would fill and refill storage under the program. These conditions include: the member agency would have to declare state of emergency and implement mandatory conservation measures; the emergency would have to be for a period of greater than seven days and operational storage would have to be exhausted. The intent of the program is to assist with the initial fill and subsequent refills, which should be infrequent since this water should be used for emergency purposes. Metropolitan has approved the Administrative Code amendments to include the Emergency Storage Program.	NOE	
2004118158	Streambed Alteration Agreement (1600-2004-0476-R5) Regarding the City of San Juan Capistrano Arundo Removal Project in San Juan Capistrano Fish & Game #5 San Juan Capistrano--Orange The Operator proposes to alter the streambed and banks by removing invasive species consisting of, but not limited to, Arundo, tree tobacco, pepper tree, Mexican fan palm, tamarisk, cocklebur a 1.31 acre area of an Unnamed Drainage, tributary to San Juan Creek; located adjacent to the proposed Belladonna Estates Development Project. In addition to the removal of invasive species, the project involves the removal of an existing 6- to 8-inch berm along the western boundary of the stream channel and the removal debris/trash within the channel.	NOE	
2004118159	Lower Codornices Pipeline Protection Project Fish & Game #3 Berkeley, Albany--Alameda The proposed temporary project is necessary to protect a high pressure gas pipeline that was exposed during the UPRR bridge replacement/culvert installation project. A PVC rock shield will be wrapped around the pipeline and secured with stainless steel bands. Rock will be used to backfill the excavated trench. Issuance of a Streambed Alteration Agreement Number 1600-2004-0808-3 pursuant to Fish and Game Code Section 1602.	NOE	
2004118160	Removal of Vegetation in Drainage Channels at PG&E Yard at 275 Industrial Way, San Carlos Fish & Game #3 San Carlos--San Mateo The City of San Carlos is proposing to reduce flow constriction on three connected "v-ditches" that surround a PG&E parking lot at 275 Industrial Way in San Carlos. The additive length of the three ditches is approximately 2400 feet. The ditches are fed by street drainage, and drain into a piped system that crosses under Highway 101. Drains that are underneath the parking lot itself are inadequately sized to handle local drainage, so the parking lot floods periodically. The Operator will remove riparian vegetation in the ditches to reduce flooding. The Department	NOE

The design flow for the treatment facility is 135 gpm, with a maximum capacity of 150 gpm. The Board order will allow PG&E to dispose of the treatment groundwater by reusing all or part of the treated groundwater as make up water to the cooling tower at the compressor station and allow direct disposal of reverse osmosis concentrate to the lined ponds.	NOE	
2004118167	Issuance of Amendment to Streambed Alteration Agreement #03-0207 Fish & Game #1 Red Bluff--Tehama The project proposes to move gravel accumulated in the mid-stream channel to the banks, replant removed willow bushes in the banks, and remove exotic vegetation including giant reed, along an approximately 1,200 foot long reach of Oat Creek.	NOE	
2004118168	Issuance of Streambed Alteration Agreement #04-0524 Fish & Game #1 Red Bluff--Tehama The project proposes to construct a steel I-beam single lane bridge across Pine Creek to provide access to an existing private residence. Bridge abutments will be concrete and will not encroach into the stream channel.	NOE	
2004118169	Issuance of Streambed Alteration Agreement #04-0517 Fish & Game #1 --Modoc The project proposes to install a culvert in Howard's Gulch to access a private residence.	NOE	
2004118170	Issuance of Streambed Alteration Agreement #04-0529 Fish & Game #1 Mount Shasta--Siskiyou The project proposes to construct two full span concrete arch bridges over an unnamed tributary to Wagon Creek to access a private residence.	NOE	
2004118171	Issuance of Streambed Alteration Agreement #04-0497 Fish & Game #1 --Shasta The project proposes to push gravel from the existing channel to the left bank to create a 2:1 slope. Boulders will be placed as rip rap on the slope and willow sprigs will be planted in the rip rap to stabilize approximately 120 feet of bank.	NOE	
2004118172	Issuance of Streambed Alteration Agreement #04-0559 Fish & Game #1 Dunsmuir--Siskiyou The project proposes to stabilize a 500 foot reach of Little Castle Creek that is eroding the foundation of a private residence. Rock vanes will be constructed on the right bank then willow sprigs will be planted between the vanes to stabilize the reach.	NOE

2004112041	Amendment to the Water Quality Control Plan for the North Coast Region-Summarizing Existing Antidegradation Objectives Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa --Marin, Sonoma, Mendocino, Lake, Glenn, Humboldt, Del Norte, ... This project consists of the adoption of a proposed amendment to the Basin Plan for the North Coast Region, summarizing existing Antidegradation Objectives for water quality.	CON	11/23/2004
2004021086	Pine Valley Estates at Western Hills Chino Hills, City of Chino Hills--Orange The project is a gated community of 98 single-family detached homes on 192 acres of hillside property overlooking the Western Hills Country Club. The proposed lots will average over 8,000 SF in size, with a minimum lot size of 7,200 SF. The typical homes within the proposed community could range in size from 3,600 SF to 4,500 SF, and generally contain four bedrooms or more. The project proposes a zoning of project specific Planned Development PD 2003-01 and an amendment to the General Plan Circulation Element to redesignate the proposed extension of Canon Lane from Public to Private Street. Proposed approvals include rezoning to PD-2003-01, a General Plan Amendment for the designation of Canon Lane, and Tentative Tract Map 16596.	EIR	12/22/2004
2004051123	Simulation of Natural Flows in Middle Piru Creek Project Water Resources, Department of --Los Angeles, Ventura California Department of Water Resources proposes implementation of modified water operations guidelines of Pyramid Dam to simulate the natural hydrology of middle Piru Creek to the extent operationally feasible and consistent with safety considerations. The primary objective of simulating the natural hydrological regime of middle Piru Creek is to avoid the incidental "take" of a federally endangered species, the arroyo toad by State Water Project operations. A second objective of the proposed project is to allow State Water Project water deliveries to United Water Conservation District via middle Piru Creek to Lake Piru.	EIR	01/07/2005
2004071038	Santa Paula Water Recycling Facility Santa Paula, City of Santa Paula--Ventura Development of a water recycling facility designed to meet the City of Santa Paula's treatment needs to 2020 and requirements established by the Regional Water Quality Control Board - Los Angeles and California Department of Health Services.	EIR	01/05/2005
2001101109	Canyon Hills Manor Project (Wedding Chapel and Banquet Facility) Anaheim, City of Yorba Linda, Anaheim--Orange The proposed project would involve the construction and subsequent operation of a wedding chapel and banquet facility. The main building, consisting of two-stories, would have a total floor area of 27,910 sf. This main building would house both wedding and banquet facilities. The main building would include two wedding chapels, two banquet rooms, restrooms, two bars, lounges, dressing rooms, and one central kitchen. A second, smaller 2,000 sf maintenance building is also proposed. The area surrounding the facility would be landscaped and improved with surface parking. Access to the facility would be provided by a single (gated) driveway connection to Santa Ana Canyon Road.	FIN

2003091130	<p>Long Beach LNG Import Terminal Long Beach, Port of Long Beach--Los Angeles</p> <p>Construct and operate a liquefied natural gas (LNG) import terminal facility on a 25-acre site on a portion of Pier T. The Long Beach LNG Import Project is designed to deliver an average of 700 million standard cubic feet of natural gas per day with a peak capacity of 1 billion standard cubic feet per day to the existing Southern California Gas Company (SoCal Gas) pipeline system. In addition, a portion of the LNG would be distributed locally to fuel LNG-powered vehicles.</p>	NOP	12/07/2004
2004111049	<p>Salk Institute Master Plan San Diego, City of San Diego--San Diego</p> <p>Salk Institute Master Plan: The project site is located at 10010 North Torrey Pines Road, south of Salk Institute Red Road. The project proposes amendments to the following existing permits: Conditional Use Permit No. 3841, Coastal Development/Conditional Use/Hillside Review Permits No. 90-1140. Also required with this Master Plan are a Planned Development Permit, Site Development Permit and a sewer easement abandonment. The project proposes to construct an additional 210,000 square feet of building area to include: a core facility to house specialized equipment, day care facility for employees, support buildings, a laboratory building, temporary residential quarters, central plant expansion and underground parking. The proposed project also contains development and design guidelines for several of the buildings proposed on the Salk Institute campus. The existing campus contains approximately 290,000 square feet of building area and 600 parking spaces.</p>	NOP	12/07/2004
2004111051	<p>East Campus Graduate Housing University of California, San Diego La Jolla--San Diego</p> <p>The University of California, San Diego (UCSD) proposes to construct an approximate 400-unit housing complex for single graduate and medical students. The project site encompasses approximately 8 acres and is located on the East Campus of UCSD, immediately west of the existing Mesa Housing complex and east of Interstate 5. Installation of associated utility connections (e.g., sewer, storm drain) are also included in the scope of work.</p>	NOP	12/07/2004
2004112037	<p>1000 16th Street/Daggett Court Project San Francisco Planning Department San Francisco--San Francisco</p> <p>The 1000 16th Street/Daggett Court Project would involve construction of a new residential development on the vacant site of a former paint factory. The proposed project would include construction of three buildings, up to five stories and 65 feet tall, on the triangular site, providing a total of approximately 450 residential units and approximately 10,000 gross square feet of ground-floor retail space. The residences would be a mix of studio, one-, two-, and three-bedroom units. Retail space would be located on the ground floor at the 16th Street and Missouri Street intersection. Pedestrian entrances and lobbies for the residential units would be located on all sides of the property. Open space for the project would be provided in two landscaped at-grade courtyards, publicly accessible open space, a plaza, and corridors connecting the site to perimeter streets. Operations of the former paint factory ceased in 1996 and all above-ground facilities have been demolished and removed, with only concrete pads remaining. As part of the proposed Site Remediation Plan (SMP), the concrete pads will be removed.</p>	NOP	12/07/2004

The Plan provides for a mix of housing types, promote residential and commercial mixed use development opportunities to support transit ridership, improve pedestrian circulation and access to light rail, and reinforce the connection between California State University, Sacramento, the 65th Street Transit Station, and the project area. The plan provides for community-supporting retail and commercial development. An urban design plan including guidelines for the project area is also part of the project.</p>	NOD	
2003032097	<p>Ueda Parkway Sacramento, City of Sacramento--Sacramento</p> <p>The proposed project consists of acquiring easements to construct a multi-use paved and unpaved trails, totaling approximately 12 miles. The trails will be located on both the west and east sides of Steelhead Creek and on the north sides of Arcade and Robla Creeks. The proposed project would also include construction of access ramps, bridges, culverts, signs, traffic signals, gates, restrooms, picnic areas, equestrian facilities, bicycle racks, fencing, and landscaping.</p>	NOD	
2003072132	<p>Central Lathrop Specific Plan Lathrop, City of Lathrop--San Joaquin</p> <p>The proposed Central Lathrop Specific Plan (CLSP) project includes 6,790 residential units at various densities, up to approximately 5 million SF of office/commercial uses, a Main Street District, neighborhood and community parks, schools, and open space areas. Several off-site project elements could be located on land north or south of the 1,521-acre CLSP area. These off-site elements related to possible construction of a second City of Lathrop water recycling plant and identification of land to be used for storage and disposal (via agricultural irrigation) of treated recycled water and to the siting of various utility lines. The project is divided into two phases: Phase 1, which encompasses approximately the southern 2/3 of the CLSP area, is estimated to be completed in 2010, and Phase 2, covering approximately the northern 1/3 of the plan area, is anticipated to reach buildout in 2020.</p>	NOD	
2003072162	<p>Freeport Boulevard / 21st Street Two-Way Conversion Project EIR (SL01) Sacramento, City of Sacramento--Sacramento</p> <p>The Reduced Capacity Two-Way Conversion Alternative (the approved project) includes the conversion of both Freeport Boulevard and 21st Street to two-way operation. Freeport Boulevard would have one northbound and one southbound travel lane between 4th Avenue and Broadway, and would be signed as a Class III bicycle route. Parking would be maintained except at signalized intersections. 21st Street would have one northbound and one southbound travel lane as well, and would be signed a striped with Class II bicycle lanes. Median island barriers would be constructed and placed at intersections on 21st Street, between Castro Way and 4th Avenue, to prevent vehicles from making left-turns to/from the residential streets serving the Curtis Park neighborhood. On-street parking would also be maintained on 21 Street. Additionally, the Freeport Boulevard / 21st Street</p>	NOD

2003081023	2004 Long Range Development Plan (LRDP) University of California La Jolla--San Diego The proposed project is a four-story building of approximately 83,333 GSF. The facility will accommodate space for instruction, academic offices and support space, a Dean's office, student career services, and business center.	NOD	
2003092018	Sutter Mutual Water Company Tisdale Pumping Plant Positive Barrier Fish Screen Project Reclamation District No. 1500 --Sutter The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number R2-2003-436 of the Fish and Game Code to the project applicant, Sutter Mutual Water Company. Construct and operate a positive barrier fish screen at the Tisdale Pumping Plant.	NOD	
2004118210	Repeal and Adoption of Emergency Regulations for Implementation of Electronic Waste Recycling Act of 2003 California Integrated Waste Management Board -- Existing law, Chapter 526, Statutes of 2003, enacted the Electronic Waste Recycling Act of 2003. Title 14 California Code of Regulations, based on the authority of this Act, established a registration system for collectors and recyclers, a payment system for the same entities, reporting requirements for manufacturers of covered electronic devices and the protection from disclosure of confidential and proprietary information submitted to the California Integrated Waste Management Board (CIWMB) by retailers, collectors, recyclers and manufacturers. Chapter 863, Statutes of 2004 enacted several administrative process changes to the Act, which require the CIWMB to repeal the existing regulations and adopt new emergency regulations that change the manufacturer notification requirements, definitions, recycling payment activities, and the start date for both fee collection and recycling payment activities; as well as provide conditions for a cost-free collection opportunity and manufacturer payment take-back. 2003082064	<p>375 Fremont Street, Case No. 2002-0449E San Francisco Planning Department San Francisco--San Francisco</p> <p>The proposed project is a residential development on approximately 378,720 gross square feet (gsf) consisting of 250 dwelling units and about 250 underground parking spaces. The existing two-story building on the site, the Hjul Building, contains a total of approximately 46,500 square feet, and would be demolished. The Hjul Building at 355-375 Fremont Street is listed in four local surveys containing buildings that could be considered historic resources. The site would be excavated for the foundation, the five-level below-grade parking garage, and the 300-foot-high residential tower. The project site is located about mid-block on the eastern side of Fremont Street in the block bounded by Folsom, Fremont, Harrison, and Beale Streets. Vehicular access to the parking garage would be from Fremont Street on the northern side of the building.</p>	EIR	12/29/2004
2004071124	<p>Tentative Tract 16621 TTM# 03-26 Fontana, City of Fontana--San Bernardino</p> <p>The proposed project includes the subdivision of 4 parcels totaling 19.54 acres into 55 single-family detached residential lots plus one additional lot reserved for use as a detention basin, as well as certain on-and off-site improvements to support the development. These improvements are primarily infrastructure elements, and would include an internal circulation system, drainage facilities, and sewer and water improvements.</p>	EIR	12/27/2004
2004014002	<p>King Range National Conservation Area Resource Management Plan Bureau of Land Management --Humboldt</p> <p>Draft plan / EIS will guide multiple-use management of the King Range National Conservation Area for approx. 20 years. Area encompasses 35 miles of Coastline and is a popular public recreation destination. Plan addresses all uses of public lands including recreation, grazing, commercial use, transportation / access (including coastal) as well as provisions for managing and protecting wildlife habitat, archaeological sites, threatened endangered species, etc.</p>	FIN

2004071003	Ramona Opportunity High School Los Angeles Unified School District Los Angeles, City of--Los Angeles The proposed project includes the demolition of the existing high school and seven adjacent residences and the construction of a new school. The proposed project is required due to the expansion of a new light rail line and construction of a new station by the Metropolitan Transportation Authority (MTA), which will encroach upon approximately one acre of the existing ROHS site. This would result in the loss of a portion of the existing school facilities. MTA will mitigate these impacts by financing the construction and providing additional adjacent land for the new school.	NOD	
2004071131	Fort Cady Road Quarry CUP / Reclamation Plan San Bernardino County --San Bernardino A Mining Condition Use Permit / Reclamation Plan for two aggregate pits on 163 acres with an asphalt batch plant and concrete batch plant with a major variance for a 53-foot asphalt silo and 40-foot lime silo.	NOD

2004072036	Keil Parcel Map (PMLD-P76075-1) Placer County Planning Department Auburn--Placer Minor Land Division resulting in four parcels, one 12-acre parcel and three 5-acre parcels.	NOD	
2004082059	Livermore-Montesol Ranch, File #04078-MOD Napa County Calistoga--Napa Approval to modify Use Permit #94043-UP to permit extraction of 185 acre-feet per year of spring water from three existing bore holes on the Montesol Ranch property. The previous Use Permit authorized the extraction of 115 acre-feet per year from three bore holes. No site improvements or new construction activities are associated with this application. The water will be delivered to an off-site facility for commercial processing and bottling.	NOD	
2004092062	Knox Final Map Subdivision Humboldt County Community Development Services --Humboldt A Coastal Development Permit and Final Map Subdivision of a 5.09-acre parcel into 27 residential lots, with a minimum 5,000 square foot net parcel size, and mitigation area for the establishment/preservation of a beach pine forest. The project requires an exception to lot frontage requirements. The subdivision will be served by community water and sewer, is accessed via Halfway Avenue and the new interior access road from Halfway Avenue. The subdivision proposes to utilize the stormwater detention ponds within the Airport Business Park. The project requires exemption from Section 322.5 of the County Subdivision Regulations re: solar access. The project includes demolition of existing dwelling units and accessory structures and septic tanks or wells as required by the County Division of Environmental Health, and a Special Permit for major vegetation removal for road and homesite development.	NOD	
2004092063	Hutt Final Map Subdivision Humboldt County Community Development Services --Humboldt Approval of a Coastal Development Permit and Final Map Subdivision of 1.8 acres into eight (8) residential lots. The subdivision will be served by community water and sewer, and will utilize the existing storm water detention pond located within the Airport Business Park. The project requires an exception to road-width standards and lot frontage requirements to allow flag lot configuration. The subdivision will be accessed from Halfway Avenue via the proposed interior access road. The project involves removal of existing dwelling units, accessory structures and barn, as well as the destruction of sewage disposal systems and water wells as required by the Division of Environmental Health. The project involves major vegetation removal; pines, alders, oaks and firs will be removed for on-site and off-site improvements excepting trees along the northern and western property lines which will serve as a landscape buffer between the subdivision and the Business Park.	NOD	
2004092095	Humboldt Levee Repair & Restoration - Reclamation District 768 Humboldt Bay Harbor Arcata--Humboldt Maintenance / repair / restoration of several sections.	NOD

The applicant proposes 8 crossings for timber harvesting activities on unnamed tributaries to Little River, Humboldt County.	NOD	
2004118242	West Point Regulating Dam Water Resources, Department of, Division of Dams --Calaveras Abandon the section of the old inlet pipe below the dam by filling it full of grout.	NOE	
2004118243	Sediment and Vegetation Removal from 6 Detention Basins Fish & Game #5 Malibu--Los Angeles Permanent impacts to 0.71 acres of riparian habitat to remove accumulated soil and vegetation from 6 detention basins to restore them to their original design capacity to protect Pacific Coast Highway from flooding. Removal will be done using backhoe and dump trucks. Maintenance will be conducted on an annual basis.	NOE	
2004118244	Repair Cracked Top Riser and Reset South Terrace Stairs Parks and Recreation, Department of --San Luis Obispo Repair cracked riser tiles and reset stair treads within an approximately 20 foot long section at the top of stairway leading from the east end of the South Terrace to the Esplanade next to the Sekment fountain. Remove terra cotta tile stair treads; replace damaged tiles in kind; remove and replace damaged quarry tile risers; reset treads. Repair substrate if determined necessary after tiles are removed.	NOE	
2004118245	Malibu Lagoon-Malibu Pier Phase IV - Emergency Repair 04/05-A-6352 Parks and Recreation, Department of --Los Angeles The project will repair/replace damaged piles at the end of the historic Malibu Pier not previously identified for replacement in the recently completed Phase II work. In April, 2004, two pile near the outer end of the pier were completely broken away during a strong swell episode. Subsequent inspection revealed an additional 15-20 piles are in poor condition and in need of replacement. The work needs to be completed prior to the coming winter to avoid further damage and possible loss of the end of the pier. This project is related to the work identified in the Malibu Pier MND SCH# 1998101082.	NOE

2004118246	<p>Routine Maintenance and Periodic Repairs of Southern Field Division Service Area Water Resources, Department of</p> <p>--Los Angeles, Kern, San Bernardino, Riverside</p> <p>Generally, the maintenance activities include the work to maintain and repair the structures that make up the State Water Project in southern California. Specifically, the structures includes culverts, overchutes, siphons, low water crossings, stream gauging stations, and seepage areas below the dams. Typical maintenance activities include the removal of deposited sediment and debris and the clearing of vegetation that impairs the functioning of the structures. By properly maintaining State Water Project, DWR ensures the continued operation of the SWP by providing a major source of water to southern California water users. Therefore, the beneficiaries of the project include all the people of southern California that receive SWP water and use its recreation facilities.</p>	NOE	
2004118247	<p>Temporary Parking Lot (Lot 22)</p> <p>University of California, Davis</p> <p>Sacramento--Sacramento</p> <p>The University of California, Davis Medical Center proposes to construct a temporary surface parking lot on the east side of the medical center campus off of 49th Street between the MND Institute to the south and the Ronald McDonald House to the north. This temporary parking lot would provide additional parking capacity on a short-term basis, until such time that the campus provides additional permanent parking capacity by constructing new parking lots and a parking structure. The temporary lot would provide 134 spaces and would be developed with a chip-sealed surface. No other improvements such as lighting or landscaping would be installed. Construction of the temporary lot would begin in fall 2004 and be completed before the end of 2004. The lot is expected to remain in use until fall 2008.</p>	NOE	
2004118248	<p>Parking Lot 17 Expansion</p> <p>University of California, Davis</p> <p>Sacramento--Sacramento</p> <p>The University of California, Davis Medical Center proposes to expand existing Parking Lot 17 located north of 2nd Avenue and east of 45th Street in the central portion of the campus. The parking lot currently contains 502 parking spaces and is exclusively for campus employee use. The central portion of this parking lot is paved, fenced and striped to serve as an alternate helipad. The campus has determined that this helipad is no longer required and that the helipad needs of the hospital are adequately served by the helipad on the Davis Tower. The campus proposes to add 138 parking spaces to Lot 17 by removing the perimeter fencing around the helipad, removing the relocatable helipad workshop, removing the underground fuel tank, and striping the surface with parking stalls. The proposed project would be constructed in fall 2004.</p>	NOE
